ARIES MK-6600 MK-7700 MK-8700

The MK6600/7700/8700 Smart Series Riflescope is the latest addition to the Aries Night Vision Weapon scope line. By utilizing current military designs we have developed the most advanced NVD riflescope commercially available.

Our new "Red on Green" rear projection aiming system provides the user with a sharp reticle allowing fast and effortless target acquisition. This system increases the reticle sharpness by 600% over standard NVD riflescopes. The MK6600/7700/8700 has 1/8 M.O.A. internal windage and elevation adjustments making it one of the most accurate night vision riflescopes ever made.

Combine the revolutionary new reticle system with all of our top of line Smart Features like Digital controls, computerized proximity sensor, remote control and a long range infra-red illuminator you now have the best night vision riflescope made.

The MK6600/7700/8700 is the ultimate choice for Law Enforcement Professionals or the Hunter that insists on his equipment being the best.
