NIGHT STORM-HPTI

NIGHT VISION SPOTTING SCOPE

The Night Storm-HPTI by ATN is a compact, waterproof night vision monocular designed for boating and other recreational uses.

The Night Storm-HPTI combines a quality made commercial HPT generation image intensifier tube with a fast front lens system to provide the end user with a bright and sharp image.

Whether you are boating, observing wildlife, or providing security for your home, the Night Storm-HPTI is an excellent choice for your night vision needs.

- Waterproof.
- Floats if dropped in water for easy recovery.
- Fast lens system for maximum light transmission.
- Built in Infrared illuminator lets you see even in total darkness.
- Rugged construction.
- Easy to use digital controls.

The Night Storm-HPTI comes in high visibility yellow for easy recovery if dropped in water. Also available in black.
